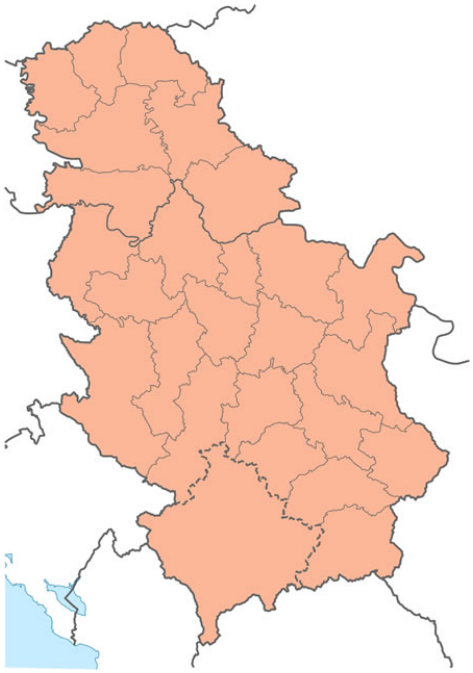
Serbia
Standard service



Our overland traffic offers superb reliability as well as several different service levels adapted to your needs.

General cargo (1-2500 kg), part and whole full loads (2500 ☐ 24000 kg). There are special regulations in place for goods whose length exceeds 6.0 m, width exceeds 2.45 m and height exceeds 2.4 m.

We also transport temperature-controlled and hazardous goods. Transport times are according to the schedule below.

Bookings by 12:00 day before loading. Goods are ready for loading by 12:00 on the date of loading.

Following documents are needed for transport:
EX 1
Invoices
EUR 1
Delivery note
